REFERENCE LETTER

As part of the implementation of the project "Education knows no borders" co-financed by the European Union from the European Regional Development Fund - the INTERREG V-A Czech Republic-Poland Program - the company Stratego24 Przemysław Jóskowiak (EECOM - European Institute for E-commerce) has been selected as a contractor for a bilingual e-learning platform.

The order included the construction of an advanced educational platform as support for Polish and Czech language courses from the infrastructural and content side as well as regular technical support in the period October 2019 - December 2022.

On the technical side, the work concerned in particular the implementation of:

- a content management system,
- a learning management system with the ability to create lessons and tests,
- interactive exercises for language courses,
- a system for verifying the progress of course participants.

We are very satisfied with the cooperation with Stratego24 Przemysław Jóskowiak. The ordered e-learning platform met all the requirements of the inquiry, providing an efficient, reliable and functional tool for carrying out language courses. Technical support was characterized by professionalism and quick response time.

Without a doubt, we can recommend Stratego24 Przemysław Jóskowiak company as a provider of professional technological solutions for various types of online presence.
